## Big Days: State, Regional, Seasonal, Non-Motorized & County

### Illinois Big Days (by month)

Big Day rules: 95% of all species must be ID'd by all observers. The Big Day list has grown beyond just Big May Day attempts, as can be seen by some of the following tallies. Going forward, we'll publish, in a separate list, each of the top Month Big Day's tally of that calendar year, even if the tally doesn't fall into one of the top three all-time.

**Key:** # = all-time IL Big Day record    NBP = non-birding participant    (updated: 4/12/05)

### Top Five per Month by Region (top ten in May)

Perhaps unbeknownst to most birders, there has been a serious Summertime battle between a Northern and a Southern Illinois Big Day team. During the year 2000, the Southern team of Bennett, Kassebaum and McMullen set numerous Big Day records including the standards for the summer months. They ruled this perch until the Northern team of Gordon, Lill and the Sundbergs wrestled the July Big Day record from them back in 2002. The Coup de Grace seemingly occurred when the Northern team also set a new June record in 2003 - all midsummer Big Day records now belonged to the North!

Not to be outdone, the Southern team (now with Mahan in place of Bennett) recaptured the July record the very next month! In 2004, the Northern team flexed their team muscle, increasing their June record, but stumbled in their attempts to organize a July Big Day. Since 2002, these two teams have led June/July an equivalent number of years; rumor has it that additional attempts will be made this summer and if records are set, we might finally have an idea as to which team is the superior Summer Big Day squad! -EW
