

IOS Lister's Corner 2005

Yard Life Lists: Country, Suburban & Urban

New to this category this year is the 'Household Yard List'. Spouses or families often have a total list higher than one individual within that household, so we decided to highlight those tallies in a separate list. If individuals within the household desire to submit an individual tally, feel free to do so. Data are listed by total species, observer name, yard location and years at site.

Species are countable if they are identifiable from your yard. -Eric Walters

Key: @ = final tally at site * = last updated pre-2005
