Illinois State Life Lists and Regional Life Lists

(minimums: 250 species for the state and 200 for each region)

The big news during 2023 was the fact that so many of the top birders were able to add multiple species to their state lists. If you compare this year's numbers to last year, however, you may think there are multiple misprints, as so many birders went down by one due to the loss of the Hoary Redpoll. One bright spot for many was the opportunity to add Anna's Hummingbird to their state list. Thanks to Scott Harp's laudable care and concern for the bird (and his generous hospitality), the second Illinois record for this species was seen by well over 100 birders. Both Jim Jarosz and Amanda Tichacek reached 350 with the Anna's Hummingbird. Harlequin Duck was #300 for Phillip Stosberg, as was Anna's Hummingbird for Ethan Brown. Birders making their first appearance on this list include Nancy Buis (323), Phillip Stosberg (302), Demond McDonald (299), Dan Meyer (280), Mike Stein (263), and Heather Lally (255). Chris Cochrane (+11) had the largest increase this year.
