

IOS Listers Corner 2024

Total Counties per Species List - Central Region

(Top eight totals per species - 40 possible counties)

There were a decent number of submissions that made the cut for these lists, shuffling the rankings and occasionally bumping another birder off the list. However, there were few entries that challenged the current high numbers. Nathan Goldberg did submit the first entry for Wood Stork in Central Illinois amongst our contributors, and Jim Mountjoy pushed a few species higher, including 36 White-eyed Vireo counties and 15 Canada Warbler counties. The total number of closed-out species in the region remains at 138 for the third year in a row.

The Illinois Regional Map can be accessed from the Listers Corner home page.

"Multiple observers" means that 5+ birders have reported the same total. (updated 3/30/25)
