

IOS Listers Corner 2024

Total Counties per Species List - Southern Region

(Top five totals per species - 38 possible counties)

Despite the great habitat and wonderful birds, the Southern Region has been our quietest region for submissions, and this seems to be particularly true this year. Andy Sigler did close out two new species in the region, Ruddy Duck and Blackburnian Warbler - his 38 Blackburnian counties doubles the previous high number. This increases the number of closed-out species in the region to 147. Eric Walters set a new high number for Forster's Terns (22 counties) and Nathan Goldberg increased the top total for Yellow-bellied Flycatchers (8 counties). Try to do some birding in the south this year, and send us your numbers!

The Illinois Regional Map can be accessed from the Listers Corner home page.

"Multiple observers" means that 5+ birders have reported the same total. (updated 3/26/25)
